

FIVE DAYS LATER FROM EUROPE.

Arrival of the Acadia.

New York, April 24.
The general commotion throughout the continent, seems to be on the increase. The King of Sardinia has ordered 30,000 troops from Piedmont. Lombardy having declared war against Austria, Austria has ordered her forces directly against Milan. The authorities defeated and driven back at all points.

In the Duchies of Baden, and Württemberg, and the Kingdom of Hanover and Saxony, the triumph of the people has been complete. The Emperor of Russia has ordered every man living in Russian Poland between the ages of 18 and 30, to evacuate instantly their country, and retire into the interior of Russia. He is concentrating a vast army!!

Turkey has refused to acknowledge the French republic. There has been an outbreak at Madrid and Queen Christina of Spain has fled.

The French Government has ordered an army to the borders of Italy, to watch the movement of the Republic.

IRELAND.
Lord John Russell has repeated the declaration that England will at all hazards suppress any outbreak in Ireland.

The repealers now declare that nothing short of a republic will satisfy them. Large numbers of troops are being transported from England into Ireland. Affairs are fast approaching a crisis.

COMMERCIAL.
Liverpool, April 18.
There has been a serious decline in breadstuffs within the last fortnight.

SWORD FOR GEN. SCOTT.—The sword to be presented to Gen. Scott by the State of Louisiana, has been finished by Hyde & Goodrich, of New Orleans. It is said to be very richly and beautifully ornamented, and bears the following inscription:

"Presented by the people of the State of Louisiana, to Gen. Winfield Scott, for his gallantry and generalship exhibited at the siege of Vera Cruz, in the battle of Cerro Gordo, Contreras, Churubusco, Molino del Rey, Chapultepec, and to his final entry into the city of Mexico."

WISCONSIN.
The Whigs of this State lately assembled in convention and nominated for Governor John H. Tweedy, for Lieut. Governor, Jno. H. Rountree, of Great County; for Secretary of State, Chauncey Abbott of Dane; for Attorney General, Henry S. Baird, of Brown; and for Treasurer, Charles G. Collins, of Racine.

Delegates to the Whig National Convention were also appointed—consisting of O. Cole, C. J. Hutchinson, E. D. Muney and H. E. Eastman.

RHEUMATISM AND GOUT.—Wright's Indian Vegetable Pills are a most extraordinary medicine for the cure of Rheumatism and Gout, because they not only cleanse the stomach and bowels of those morbid humors which, if taken into the circulation and thrown upon the membrane of muscle, are the cause of the above painful malady; but they excite the absorbent vessels to take up that which is already deposited, and therefore are absolutely certain to make a perfect cure of Rheumatism and Gout. A single twenty-five cent box of Wright's Indian Vegetable Pills will often give the most astonishing relief, and perseverance according to directions will be certain to drive pain of every description from the body.

BEWARE OF COUNTERFEITS.—THE ONLY ORIGINAL AND GENUINE INDIAN VEGETABLE PILLS HAVE THE SIGNATURE OF WILLIAM WRIGHT WRITTEN WITH A PEN ON THE TOP LABEL OF EACH BOX. None other is genuine, and to counterfeit this is forgery.

The genuine is for sale by BOON, TALBOT & SMITH, sole agents for Fayette; D. C. CHAMPTON, Champion's Mill; S. CARROLL, Glasgow; FELIX REDDING, Keytesville; M. T. ATKINS, Brunswick; and wholesale and retail by HENRY BLACKLEY, St. Louis. Office and general depot, 169 Race Street, Philadelphia.

Beware of travelling impostors.
DIED.—On Thursday, 20th April, at the residence of Wilson Elliot, Esq., near Brunswick, Mrs. Emily E. C. Connor, wife of W. M. Connor, of the M. E. Station—leaving five small children, one an infant only a few weeks old.

On the morning of the 21st, near Glasgow, Mo., of scarlet fever, Susan, eldest daughter of Wm. Ware, aged thirteen or fourteen years.

St. Louis, April 24.
Hemp went off slowly to-day and at lower prices. Sales range from \$79 50 to \$83 per ton. For flour there is very little inquiry. The highest and lowest figures reported are \$4 10 a \$4 15 per bbl. Wheat, prime, 78 a 80c; mixed, 70 a 80c; inferior, 60 a 70c per bu. Flaxseed, 75c.

GRAEFENBERG COMPANY, NEW YORK.
Monthly Bulletin, No. 1.
THE reflective traveller, as he reaches the highest ridge of the Alleghenies, on his journey westward, is filled with the most profound and interesting sensations. His fancy rapidly surveys that vast and magnificent region which stretches itself far away toward the setting sun, bounded only by the waves of the Pacific. Majestic rivers flow on through interminable woods; rich prairies, like seas of verdure, are spread out, decked with bright and numerous flowers. Upon those countless millions of richest acres, the entire population of two worlds like this, might find homes of plenty!—These wondrous features of the mighty West fill his mind with the profoundest sensations.

He reflects still further, and the painful fact occurs to him that one great difficulty affects that region, viz: that which relates to HEALTH. He knows that beside those streams, and upon those prairies the enterprising inhabitants are often and sorely afflicted with

Bilious Complaints
in all their multiplied forms. A feeling of impatience comes over him that so little thus far has been accomplished to prevent and cure these; especially when he considers that no class of diseases yield so readily to proper means. It is not too much to say that if the difficulty alluded to were removed, and the

WEST MADE AS HEALTHY AS THE EAST, tens upon tens of thousands of human lives would be annually saved, and every acre of land in the entire West would be doubled in value.
